HOUNDOG 5 is a new and improved heat and disease resistant tall fescue variety developed for superior turf quality across a wide area of adaption on golf course roughs, out-of-bounds areas and clubhouse lawns. HOUNDOG 5 is a very dark green, moderately fine textured tall fescue with excellent wear tolerance. It is endophyte enhanced for added disease and pest resistance. HOUNDOG 5 is recommended for permanent turf in full or partial shade on golf course roughs, out-of-bounds area, and low maintenance sites. It can be utilized in grass seed mixtures maintained at a moderate height of cut.

It can be mixed with Zoysia for cool and warm season turf in transitional climates around the globe.
