

make your greens **GREENER** with *Evergreen* **RADIANT**

IMPROVING ON NATURE

**25% more heat
is radiated back
into the turf**
10 year warranty

**Protects turf from
frost damage**

NEW REVOLUTIONARY PATENTED TECHNOLOGY

When it comes to getting your greens ready earlier, **Evergreen** has you covered. Lab tested and golf course approved, we've been helping get golfers putting sooner for over 20 years.

We've improved our **Evergreen Turf Cover** with the result that 25% more heat is radiated back into the turf.

Compare these features:

- easy installation and removal in minutes
- lightweight one piece construction
- silver coating specially designed to allow air, water and sunlight to penetrate
- promotes earlier and more rapid germination
- designed exclusively for the turf industry
- ten year warranty
- protects turf from frost damage
