2011 – 2012

Olympic Gold Blend
RATE: 3-5kg / 100m²

- 34% SR4600 Turf Type Perennial Ryegrass
- 33% SR4220 Turf Type Perennial Ryegrass
- 33% All*Star 3 Turf Type Perennial Ryegrass

Olympic Gold is our premium fine leaf ryegrass blend made up of SR4600, SR4220 and All*Star 3. It is deep green in colour, has a fine texture and has excellent cool weather performance.

Greenstar Blend
RATE: 3-5kg / 100m²

- 40% Attribute Turf Type Perennial Ryegrass
- 30% Keystone II Turf Type Perennial Ryegrass
- 30% Wayfarer Turf Type Perennial Ryegrass

Greenstar Blend is a mixture of fine leaf ryegrasses that all perform admirably in the harsh Australian climate. It is deep green in colour, has a fine leaf texture and has excellent heat and humidity tolerance.

Greenstar Plus Blend
RATE: 3-5kg / 100m²

- 40% Attribute Turf Type Perennial Ryegrass
- 30% Keystone II Turf Type Perennial Ryegrass
- 30% Wayfarer Turf Type Perennial Ryegrass
- With 20% (by weight) Granular Wetting Agent

The added benefit of wetting agent assists in the retention and uptake of moisture to the plant.

Turf Wicket Blend
RATE: 3-5kg / 100m²

- 70% SR4220 Turf Type Perennial Ryegrass
- 30% Axcella II Turf Type Annual Ryegrass

Turf Wicket Blend is a mixture of SR4220 Fine Ryegrass and Axcella II Turf Type Annual Ryegrass. It has the ability to withstand high salt levels, with Axcella II transitioning out in the Spring to let the couchgrass spread.

Raceday Blend
RATE: 3-5kg / 100m²

- 40% Victorian Perennial Ryegrass (poa free)
- 30% SuperNui Perennial Ryegrass (poa free)
- 30% Matilda Perennial Ryegrass (poa free)

Raceday Blend contains carefully selected lines of Poa-Free varieties of improved perennial ryegrasses. Offering excellent seasonal growth varieties including Matilda (winter), Victorian (Summer) and Supernui (Spring/Summer).

Golf Blend
RATE: 3-5kg / 100m²

- 50% Improved Chewings Fescue
- 50% Improved Creeping Red Fescue

Ideal for general golf course use, providing improved density, colour and performance. Very popular for oversowing couch to enhance winter colour, density and durability.

Golf Blend + Bentgrass
RATE: 3-5kg / 100m²

- 45% Improved Chewings Fescue,
- 45% Improved Creeping Red Fescue
- 10% Bentgrass

The addition of bentgrass adds density and will perform well through the cooler months.

Golf Low Maintenance
RATE: 3-5kg / 100m²

- 40% Sheeps Fescue
- 40% Hard Fescue
- 20% Improved Chewings Fescue

For low maintenance areas that require improved characteristics provided by the addition of chewings fescue.

Golf Rough
RATE: 3-5kg / 100m²

- 50% Sheeps Fescue
- 50% Hard Fescue

Blended for use in rough, re-claimed areas and mounds. Will require little input once established.

Tee Mix
RATE: 3-5kg / 100m²

- 30% All*Star 3 Turf Type Perennial Ryegrass
- 30% SR4220 Turf Type Perennial Ryegrass
- 20% Improved Creeping Red Fescue
- 20% Improved Chewings Fescue

This is a fast establishing blend that has the ability to be mown at low heights.

Trophy Blend
RATE: 4-5kg / 100m²

A blend specifically for the turf grower. Contains 'Sod Quality' Tall Fescue with or without the addition of sod bluegrass.

* Advanced Seed reserves the right to change seed analysis without notice.

* Rates listed are for new sowings. Oversowing rates are proportionate to turf cover.

Greenland Blend

RATE: 4-5kg / 100m²

- 70% Turf Type Tall Fescue
- 30% Turf Type Perennial Ryegrass

Blended to provide the optimum in durability and hardiness. This blend of tall fescue and turf ryegrass will give you both drought tolerance, excellent seasonal growth and all year colour.

Shade Blend

RATE: 3-4kg / 100m²

- 36% Creeping Red Fescue
- 23% Hard Fescue
- 21% Turf Type Perennial Ryegrass
- 20% Kentucky Bluegrass

Shade Blend has been specifically designed to produce a lawn capable of withstanding limited sunlight. The fine textured varieties are dark green in colour and extremely drought tolerant. It is ideal for situations under trees or in reduced sunlight area.

GP Blend

RATE: 3-4kg / 100m²

- 60% Perennial Ryegrass
- 30% Bentgrass
- 10% Fine Fescue

This blend is designed to sustain year round colour, provide rapid germination and good wear tolerance. It is ideal for home lawns, parks and landscapes where quick establishment and hardiness are required.

Drought Master WF

RATE: 4-5kg / 100m²

- 40% Perennial Ryegrass
- 40% Annual Ryegrass
- 20% Bermuda Couch (unhulled)
- With 20% (by weight) Granular Wetting Agent
- With 10% (by weight) Starter Fertiliser

Drought Master WF blend contains fast establishing ryegrass with summer hardy couchgrass. This blend is capable of surviving long periods of extended dry weather whilst keeping it's great appearance. The addition of granular wetting agent and starter fertiliser provides a robust blend to suit all requirements.

Budget Blend

RATE: 3-4kg / 100m²

- 50% Perennial Ryegrass
- 40% Annual Ryegrass
- 10% Creeping Red Fescue

An ideal choice where a quick cover at an economical price is desired. Both annual and perennial ryegrass will establish rapidly and give the turf superior wear resistance, whilst the addition of creeping red fescue delivers enhanced density to your lawn.

All Season Couch Blend

RATE: 2-3kg / 100m²

- 70% LaPrima Couchgrass
- 20% Fine Fescue
- 10% Turf Type Perennial Ryegrass
- With 20% (by weight) Granular Wetting Agent

A fine textured lawn capable of withstanding a dry hot Summer. LaPrima Couchgrass is widely acknowledged as one of the best drought tolerant grasses available. The addition of both turf type ryegrass and fine fescue provides all year growth and colour. Best sown in early Spring/Summer, this blend will sustain in the toughest of conditions. This blend also includes 20% granular wetting agent to assist in moisture retention & plant uptake.

All Season Kikuyu Blend

RATE: 3-4kg / 100m²

- 75% Tall Fescue
- 25% Kikuyu
- With 20% (by weight) Granular Wetting Agent

Advanced Seed's landscape blend of tall fescue and kikuyu is perfect for a Spring/Summer sowing. The tall fescue will grow all year round, providing colour and durability, whilst the kikuyu will provide Summer hardiness with it's ability to survive long periods without water. This blend also includes 20% granular wetting agent to assist in moisture retention and plant uptake.

Defiant XRE

RATE: 4-5kg / 100m²

- 100% Turf Type Rhizomatous Tall Fescue

Defiant XRE (Xtreme Rhizome Expression) is a premium turf type tall fescue blend. It has the ability to produce underground rhizomes which aid in superior recovery and improved tolerance to wear.

Defiant TTT

RATE: 3-4kg / 100m²

- 100% Turf Type Ryegrass

Defiant TTT elite ryegrass is a true turf type ryegrass blend used widely on major sportsfield's throughout Australia because of it's wear tolerance and brilliant dark green colour.

* Advanced Seed reserves the right to change seed analysis without notice.

* Rates listed are for new sowings. Oversowing rates are proportionate to turf cover.

BENTGRASS

007 New generation high density	RATE: 1kg / 100m²
SR1119 Excellent cold tolerance	RATE: 1kg / 100m²
SR1120 (Brighton) Heat tolerant with improved winter activity	RATE: 1kg / 100m²
Dominant Extreme Blend of 007, SR1119 and SR1120	RATE: 1kg / 100m²
Penncross Medium density	RATE: 1kg / 100m²
Tyee Ultra high density with excellent colour	RATE: 1kg / 100m²
NZ Browntop / Highland Popular choice in blends for golf and landscape	RATE: 1kg / 100m²

BLUEGRASS

SR2100 (Sod Quality) Aggressive rhizome activity	RATE: 2-3kg / 100m²
--	---------------------------------------

COUCH

Bermuda Couch (hulled) Quick germinating, Summer hardy	RATE: 2kg / 100m²
Bermuda Couch (unhulled) Often blended with hulled couch	RATE: 2kg / 100m²
LaPrima Couch Super fast establishing, improved variety	RATE: 1kg / 100m²
LaPrima XD Blend of LaPrima and Veracruz for Xtra Density	RATE: 1kg / 100m²
Veracruz Couch Premium high density variety	RATE: 0.75-1kg / 100m²

FESCUES

Chewing's Fescue Best selection of improved varieties; Longfellow II and SR5130	RATE: 2-3kg / 100m²
Creeping Red Fescue Best selection of improved varieties; Cindy Lou and SR5250	RATE: 2-3kg / 100m²
Shoreline Slender Red Fescue Excellent salt tolerance	RATE: 2-3kg / 100m²
Hard Fescue – SR3150, Ridu Bunch growth habit, popular for use in roughs	RATE: 1.5-2.5kg / 100m²
Sheep Fescue – Quatro Low maintenance	RATE: 1.5-2.5kg / 100m²

*Varieties subject to availability and are subject to change.

TURF TYPE KIKUYU

KIKUYU

Whittet Turf Type Kikuyu

RATE: 0.5-1kg / 100m²

POA TRIVIALIS

Poa Trivialis

Winter oversowing of couch

RATE: 3-5kg / 100m²

RYEGRASS

SR4220 Turf Type Perennial Ryegrass

Low growing with excellent density

RATE: 3-5kg / 100m²

SR4600 Turf Type Perennial Ryegrass

Superior wear tolerance

RATE: 3-5kg / 100m²

SR4420 Turf Type Perennial Ryegrass

Dwarf growth and tolerates low mowing

RATE: 3-5kg / 100m²

All*Star 3 Turf Type Perennial Ryegrass

Elite fine leaf with excellent seasonal activity

RATE: 3-5kg / 100m²

Attribute Turf Type Perennial Ryegrass

Very dense growth habit

RATE: 3-5kg / 100m²

Essence Turf Type Perennial Ryegrass

Mid green colour

RATE: 3-5kg / 100m²

Keystone 2 Turf Type Perennial Ryegrass

Excellent wear and cold weather tolerance

RATE: 3-5kg / 100m²

Regal 5 Turf Type Ryegrass

Very dark colour

RATE: 3-5kg / 100m²

Wayfarer Turf Type Ryegrass

Top NTEP rating for colour

RATE: 3-5kg / 100m²

Axcella II Turf Type Annual Ryegrass

Quick establishment with excellent transition

RATE: 3-5kg / 100m²

Matilda Perennial Ryegrass (Poa Free)

Winter active

RATE: 3-5kg / 100m²

Supernui Perennial Ryegrass (Poa Free)

Summer active

RATE: 3-5kg / 100m²

Victorian Perennial Ryegrass (Poa Free)

Popular racetrack variety with excellent summer activity

RATE: 3-5kg / 100m²

TALL FESCUE

SR8600

Rhizomatous turf type

RATE: 4-5kg / 100m²

Grande II

Rhizomatous turf type

RATE: 4-5kg / 100m²

ZOYSIA GRASS

Compadre

Warm season grass with high wear tolerance

RATE: 0.5-1kg / 100m²

**Varieties subject to availability and are subject to change.*

STRAIGHT SEED RANGE

Evergreen Turf Covers have been developed as an essential management tool for Turf Managers worldwide. It will protect established turf areas, and accelerate turf growth for new constructions. It can be used repeatedly and will last for many years.

Andrew Peart from AGCSATech recently trialled the Evergreen Turf Cover at Croydon Golf Club, Victoria, here is what he had to say:

“The Evergreen Turf Cover can significantly improve establishment rates and plant vigour of bentgrass on newly sown greens, as well as promote higher levels of moisture retention in the rootzone.”

The Evergreen Turf Cover is available in three sizes to suit most applications:

- SMALL 76m² blanket (25 x 3.04m)
- MEDIUM 858m² blanket (21.3 x 40.2m)
- LARGE 1495m² blanket (21.3 x 70.1m)

LANDSCAPE RANGE

7300SU Drop Spreader

- Large rust-proof hopper will hold up to 30kg of fertiliser
- Wide 550mm drop spread pattern
- Large 250mm poly wheels
- Fully assembled with full size folding handle for instant use

2030P Plus Broadcast Spreader

- Extra large 30kg capacity hopper
- 2-3m spread pattern
- Large 9" turf type pneumatic tyres
- Heavy duty gearbox for long life
- Fully assembled in box

1950 Broadcast Spreader

- 12kg capacity hopper
- High speed gearbox for larger spread patterns
- 200mm deep lug poly wheels
- Ideal for the homeowner

COMMERCIAL RANGE

2170 Commercial Broadcast Spreader

- High volume 45kg capacity hopper
- Solid direct connect linkage for positive flow control, accurate calibration and low maintenance
- Heavy duty chassis and super duty high speed gearbox
- Large 330mm pneumatic stud tyres

2170T Tow Behind Commercial Broadcast Spreader

- 2170 with a mounting to adapt to an ATV bike or small tractor
- Ideal for large areas and prolonged use
- High capacity hopper, holding 45kg's

M30 Electric Broadcast Spreader

- High volume (up to 45kg)
- Easy quick-connect mount system
- Heavy duty high torque 12volt motor
- Fits most ATV brands

1001-B Precision Garden Seeder

- Includes 6 standard seed plates
- Precision depth gauge
- Plants a variety of vegetable seeds with one continuous operation of opening the soil, planting the seed, covering and marking the next row

PROFESSIONAL RANGE

C24HD Professional Broadcast Spreader with EV-N-SPRED

- Ultimate in strength and durability
- EV-N-SPRED dual port adjustable shut-off system
- High volume 45kg capacity poly hopper
- Super duty gearbox for trouble free use
- Jumbo 330mm turf tyres on rustproof rims for easy rolling on the toughest terrain

Optional rain covers are available for some models.

PASTURE BLENDS

Pasture Booster

Sow: 20 - 40kg per hectare

- 40% Dominion Perennial Ryegrass Blend
- 35% Tetilla Tetraploid Ryegrass
- 15% White Clover
- 10% Sub Clover

A quick and permanent pasture seed mixture formulated to give very quick feed for Winter grazing. It then provides a good general-use perennial pasture in areas of 575mm plus rainfall.

Pasture Stabilizer

Sow: 40kg per hectare

- 40% Dominion Perennial Ryegrass Blend
- 35% Forage Tall Fescue
- 15% Cocksfoot
- 10% Strawberry Clover

Ideal for stabilising dam banks, for use on slopes or any area subject to erosion. Also suited to wetter areas where salting occurs.

Pasture Drylands

Sow: 20 - 30kg per hectare

- 45% Victorian Perennial Ryegrass
- 15% Cocksfoot
- 10% Tall Fescue
- 10% New Tetilla Ryegrass
- 5% Dominion Perennial Ryegrass Blend
- 5% Sub Clover
- 5% Strawberry Clover
- 5% White Clover

A blend of drought tolerant varieties providing a high productivity pasture with quick establishment. Will give a boost to run down pastures and suits low summer rainfall.

FERTILISERS

Slow Fertiliser

N:P:K

RATE: 30g / m²

Combines both slow release and up front fertiliser

22 : 3 : 4

Renovator Plus

N:P:K

RATE: 20-30g / m²

Popular fertiliser with high Nitrogen

22 : 5 : 7

Starter Fertiliser

N:P:K

RATE: 20-30g / m²

Essential for the success in establishing a lawn

5 : 6 : 6

WETTING AGENTS

Wett-Up Granular Wetting Agent

RATE: 3-5kg / 100m²

Assists in the even movement and uptake of moisture through the soil profile.
