

COACHELLA TURF TYPE PERENNIAL RYEGRASS

Coachella is the best choice perennial ryegrass for all your high end professional turf needs. Coachella has excellent turf quality, with very fast germination and establishment. Coachella exhibits a very dark green colour and retains its colour throughout the season.

Features:

- Very dark green colour
- Fine bladed
- Fast germination
- Fast establishment

Areas of use:

- Stadium Turf
- Professional Sports Turf and Golf
- Landscaped Areas
- Warm Season Overseeding

Seeding and Overseeding:

For typical new seeding applications, apply at a rate of 3-4kg/100m².
Oversowing: Use between 2-4kgs/100m² when overseeding.

Maintenance:

Coachella will form a tight knit turf under a broad range of soil types and environmental conditions, from full sun to medium shade. It will mow cleanly at heights of 10mm and above. Coachella can be maintained at fairway cutting heights when appropriate management practices are observed.

Here is what the breeder says about Coachella, PPG-PR- 576:

"Coachella is notable for its very dark green colour. Coachella has both excellent Autumn turf establishment and vigorous spring growth. Coachella has exhibited excellent resistance to Leaf Spot."
