

7312SU DROP SPREADER

Perfect for smaller yards

The EarthWay 7312SU Drop Spreader is perfect for small area fertiliser spreading or seeding.

Drop spreaders dispense the material straight down from the hopper, minimising drift or application in areas you don't want.

Fully assembled with a folding handle, the 7312SU is ready to go from box to lawn in seconds. The easy use gauge and lever assembly is designed to allow the user complete control over the application rate of material.

Features

- 30.5cm diameter 5-spoke semi-pneumatic wheels
- 30kg hopper capacity
- Product weight 6kg
- Accurate 56cm width drop swath
- Epoxy coated chassis
- Fully assembled
- Rate calculation matrix included
